Jerusalem and the Corpus Separatum proposed in 1947

On 29 November 1947, as part of its resolution on Palestine (Resolution 181 (II)A), the General Assembly of the United Nations adopted the proposal that, "The City of Jerusalem shall be established as a *corpus separatum* under a special international regime and shall be administered by the United Nations". Under this plan a referendum was to be held after ten years to seek the views of the City's residents as to whether the international regime should continue, or be modified.
